

## **Corey Chenault**

### **Educational Experience**

Seccina Memorial High School, Indianapolis, IN

### **Responsibilities**

As Survey Crew Chief, Mr. Chenault is responsible for the successful completion of all field work. Included in these responsibilities is setting of both horizontal and vertical control for projects, reconnaissance of project sites and collection of planimetric and topographic information. With his extensive background in construction layout of projects both large and small, Mr. Chenault is able to communicate effectively with contractors to provide solutions to construction related problems.
