

Daniel G. Kovert, PE, LS

Educational Experience

Bachelor of Science, Civil Engineering, Purdue University

Bachelor of Science, Land Surveying, Purdue University

Responsibilities

As President of Beacon Surveying and Engineering, Mr. Kovert is responsible for the day-to-day operation of the business. Included in these responsibilities are managing work load, cash flow and marketing of both existing and potential clients.

Mr. Kovert is also in responsible charge of quality control for all survey, engineering, and right-of-way engineering projects. With his vast experience in the consulting engineering field, Mr. Kovert has developed a reputation for providing clients with accurate and effective solutions to complex problems while keeping in mind the client's budget.
